Want to amaze friends with your Harley-Davidson knowledge? Do you need to know how much oil the 1982 FXS Low Rider tank held? Are you restoring an FXB-80 Sturgis and need to know what colors were offered in 1980? Maybe you're curious which one year was the FLH-C-80 Electra Glide Classic sold, or when the MT-350E military model was built? Ever wonder what year the FLSTC was first fitted with a new 38-amp charging system? Well look no further, the Harley-Davidson Data Book Revised 1980-2006 is your one-stop information source for all models that rolled off the manufacturing lines during that period. Now greatly expanded with additional information and specifications this updated edition still features easy to read Year-by-Year data listings as applicable for all known models including Production Totals, Specialty Models, Paint Colors, Retail Prices, Technical Specifications, First-Year and Only-Year Features, Model Notes, and Military Model Notes. This new revised edition also includes a chapter on Model Quick Facts 1980-2006. This publication is one of a series of Data Books designed to provide accurate details and authoritative information regarding the subject matter covered. Other books in the series include:\* Harley-Davidson Data Book Revised 1903-1939\* Harley-Davidson Data Book Revised 1940-1979\* Harley-Davidson Company Data Book 1903-2006\* Harley-Davidson Aermacchi Data Book 1961-1978\* Harley-Davidson Accessory Data Book 1950-1984\* Harley-Davidson Racing Data Book 1904-1921\* Indian Motorcycle Company Timeline 1901-1953

A handsome, informative overview of Harley Davidson's 100 plus years of style and innovation.

The book contains 60 years of photographs of national landmarks. They are personal photographs detailing my quest of a personal goal. I made a lifetime goal of driving through all fifty states on a Harley-Davidson motorcycle.

Chronicled here for the first time, Harley-Davidson's exclusive CVO models are pure eye candy.

Donny is the Winner of the 2012 International Book Awards. Donny Petersen offers the real deal in performancing your Harley-Davidson Twin Cam. Graphics, pictures, and charts guide the reader on a sure-footed journey to a thorough H-D Twin Cam performance understanding. Petersen's insight makes technical issues understandable even for the novice. Donny simply explains what unfailingly works in performancing the Twin Cam. This is the second volume of Petersen's long-awaited Donny's Unauthorized Technical Guide to Harley Davidson 1936 to Present. This twelve-volume series by the dean of motorcycle technology examines the theory, design, and practical aspects of Twin Cam performance. Donny studied privately with Harley-Davidson engineers, having worked on Harleys for over 35 years. He founded Toronto's Heavy Duty Cycles in 1974, North America's premier motorcycle shop. Donny has ridden hundreds of performed Shovels, Evos, and Twin Cams across four continents doing all of his own roadside repairs. He has acquired his practical knowledge the hard way. Donny has the privilege of sharing his performance secrets the easy way. Donny will walk you through detailed performancing procedures like headwork, turbo-supercharging, nitrous, big-inch Harleys and completing simple hop-up procedures like air breathers, exhausts, and ignition modifications. Donny Petersen feels honored to share the wealth of his motorcycle knowledge and technical expertise.
