Pico believes that mental strength is just as important as physical when it comes to achieving anything in life. The body follows the mind so whether it's in person or online training, he focuses on ...

"This volume contains Gianfrancesco Pico's Life of his uncle Giovanni Pico and also Giovanni's Oration. Gianfrancesco's Life opens a collection that omits Giovanni's Conclusions but includes the speech that we - unlike Pico - know as an Oration on the Dignity of Man. He wrote the Oration to introduce the Conclusions, but his nephew's editorial decision cut the theses off from the speech that their author had connected with them. Several times in the Oration, the orator mentioned "theorems" to be proposed in the Conclusions: he clearly saw the book and the speech as tools for the same task. Either Gianfrancesco missed his uncle's intentions, which seems unlikely, or he meant to seal off his other writings - including the Oration - from a book that he found embarrassing for himself and his relative and too risky to make public. This is the fact of the matter: Gianfrancesco left the Conclusions unpublished while publishing the Oration in a collection introduced by his Life. Both the speech and the biography are presented here, in this edition, in the same way - apart from the Conclusions: this reflects the situation in 1496 and respects Gianfrancesco's choice, even though his decision blocked understanding of the speech for many years. Today, with access to all the relevant texts in many versions, readers can move from one work to another as needed"--

Giovanni Pico della Mirandola (1463-1494) was a scholar and

philosopher who stood at the cusp of the old mediaeval scholasticism and the new Renaissance humanism. Trained as one, he made himself into the other. His boundless energy and photographic memory made him one of the leading scholars of the age - he was said to have by heart the complete works of every known Greek and Latin writer, and was deeply immersed in the study of Hebrew, Arabic and Aramaic texts before his untimely death. In addition to numerous philosophical writings, he was the first Christian to study the Jewish Cabbala seriously, and translated a number of Cabbalistic classics into Latin. His biography was written by his nephew and heir (also Giovanni Pico della Mirandola) and came to prominence in England when it was translated, along with some of his writings, by Thomas More. This is the edition presented here; to which we have added an essay by the Victorian scholar Walter Pater.

An ardent treatise for the Dignity of Man, which elevates Humanism to a truly Christian level, making this writing as pertinent today as it was in the Fifteenth Century.

Returning to his longtime home in Japan after his father-in-law's sudden death, Pico Iyer picks up the steadying patterns of his everyday rites: going to the post office and engaging in furious games of ping-pong every evening. But in a country whose calendar is marked with occasions honoring the dead, he comes to reflect on changelessness in ways that anyone can relate to: parents age, children scatter, and Iyer and his wife turn to whatever can sustain them as everything falls away. As the maple leaves begin to turn and the heat begins to soften, Iyer shows us a Japan we have seldom seen before, where the transparent and the mysterious are held in a delicate balance, and where autumn reminds us to take nothing for granted.

This study shows how Giovanni Pico della Mirandola used Neoplatonic and kabbalistic ideas to develop an innovative theory of biblical allegory. Based on epistemology and intellectual ascent, his theory relates to scholastic debate over the action of the intellect.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a

format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
