When everything we've been clinging to falls apart, how do we know what to keep and what to let go of? I Guess I Haven't Learned That Yet, now a New York Times bestseller, is a clear-eyed look at where we go from here--and how we can transform our lives along the way. Just after her fortieth birthday, author Shauna Niequist found herself in a season of chaos, change, and loss unlike anything she'd ever faced. She discovered that many of the beliefs and practices that she usually turned to were no longer serving her. After trying--and failing--to pull herself back up using the same old strategies and systems, she realized she required new ones: courage, curiosity, and compassion. She discovered the way through was more about questions than answers, more about forgiveness than force, more about tenderness than trying hard. In I Guess I Haven't Learned That Yet, Niequist chronicles her journey--from her life-changing move from the Midwest to Manhattan to the power of unlearning what is no longer helpful and accepting the unknowns that come with midlife, heartbreak, and chronic pain. With her characteristic candor and grace, Niequist writes about her experience learning how to: Discover new ways of living when the old ways stop working Embrace the challenges and delights of releasing our expectations for how we thought our lives would look Trust God's goodness in a deeper, more profound way Follow Niequist as she endeavors to understand grief, to reshape her faith, and to practice courage when it feels impossible. Praise for I Guess I Haven't Learned That Yet: "Gentle. Loving. John Green meets Rainbow Rowell in this irresistible story of first love, broken hearts, and the golden seams that put them back together again. Henry Page has never been in love. He fancies himself a hopeless romantic, but the slo-mo, heart palpitating, can't-eat-can't-sleep kind of love that he's been hoping for just hasn't been in the cards for him—at least not yet. Instead, he's been happy to focus on his grades, on getting into a semi-decent college and finally becoming editor of his school newspaper. Then Grace Town walks into his first period class on the third Tuesday of senior year and he knows everything's about to change. Grace isn't who Henry pictured as his dream girl—she walks with a cane, wears oversized boys' clothes, and rarely seems to shower. But when Grace and Henry are both chosen to edit the school paper, he quickly finds himself falling for her. It's obvious there's something broken about Grace, but it seems to make her even more beautiful to Henry, and he wants nothing more than to help her put the pieces back together again. And yet, this isn't your average story of boy meets girl. Krystal Sutherland's brilliant debut is equal parts wit and heartbreak, a potent reminder of the bittersweet bliss that is first love.
