"The master at his quirky, provocative best."Cosmopolitan Deadeye Dick is Kurt Vonnegut's funny, chillingly satirical look at the death of innocence. Amid a true Vonnegutian host of horrors—a double murder, a fatal dose of radioactivity, a decapitation, an annihilation of a city by a neutron bomb!Rudy Waltz, aka Deadeye Dick, takes us along on a zany search for absolution and happiness. Here is a tale of crime and punishment that makes us rethink what we believe . . . and who we say we are. Praise for Deadeye Dick "A moving fable . . . Vonnegut, sweet cynic and ugly duckling, continues to write gentle swan songs for our uncivil society."Playboy "A brilliantly unconventional novel! . . . a must for all Vonnegut fans."Worcester Sunday Telegram "Hits the bull's-eye . . . dolefully celebrates the randomness of life, treating private and public disasters with a kind of reckless whimsy. . . . You don't read Kurt Vonnegut for meaning exactly. You read him for the sad-funny attitude of mind, the kind of weirdness that can interpret the world's weirdness."USA Today "Vonnegut is beguiling as ever . . . Incredible plot constructions and inventive language continue to leap from his typewriter . . . the humor is natural and inborn; the insight usually purchased by his characters at painfully high cost. Funny how life turns out. Even funnier how Mr. Vonnegut turns life's insanities into funny, profound sense. That takes a master's touch. Mr. Vonnegut still has it."Kansas City Star "Playful and imaginative . . . On finishing the novel, the kitchen of your mind is a cleaner and more well-lighted place than it was before."Houston Chronicle "Endearing and enchanting . . . a wise and charming book . . . very full of life."Glamour

The national bestselling author of the Legion of the Damned novels, "a must-read for any fan of Mil Fic," (Archaeologist's Guide to the Galaxy) begins a brand new science fiction police procedural series... In the year 2038, an act of bioengineered terrorism decimated humanity. Those who survived were either completely unaffected or developed horrible mutations. Across the globe, nations are now divided between areas populated by "norms" and lands run by "mutants"... Detective Cassandra Lee of Los Angeles's Special Investigative Section has built a fierce reputation taking down some of the city's most notorious criminals. But the serial cop killer known as Bonebreaker--who murdered Lee's father--is still at large. Officially, she's too personally involved to work on the Bonebreaker case. Unofficially, she's going to hunt him to the ends of the earth. In the meantime, duty calls when the daughter of Bishop Screed, head of the Church of Human Purity, is kidnapped by mutants and taken into the red zone to be used for breeding. Assigned to rescue her, Lee must trust her new partner--mutant lawman Deputy Ras Omo--to guide her not only through the unfamiliar territory but through the prejudicial divisions between mutants and norms...

Too poor to pay his pregnant wife's hospital bill, Vannak Anan Prum left his village in Cambodia to seek work in Thailand. Men who appeared to be employers on a fishing vessel promised to return him home after a few months at sea, but instead Vannak was hostages on the vessel for four years of hard labor. Amid violence and cruelty, including frequent beheadings, Vannak survived in large part by honing his ability to tattoo his shipmates--a skill he possessed despite never having been trained in art or having had access to art supplies while growing up. As a means of escape, Vannak and a friend jumped into the water and, hugging empty fish-sauce containers because they could not swim, reached Malaysia in the dark of night. At the harbor, they were taken into a police station . . . then sold by their rescuers to work on a plantation. Vannak was kept as a laborer for over a year before an NGO could secure his return to Cambodia. After five years away, Vannak was finally reunited with his family. Vannak documented his ordeal in raw, colorful, detailed illustrations, first created because he believed that without them no one would believe his story. Indeed, very little is known about what happens to the men and boys who end up working on fishing boats in Asia, and these images are some of the first records. In regional Cambodia, many families still wait for men who have disappeared across the Thai border, and out to sea. The Dead Eye and the Deep Blue Sea is a testament to the lives of these many fishermen who are trapped on boats in the Indian Ocean.

Special Agent Luce Hansen's Thanksgiving vacation with her new lover, forensic pathologist Harper Bennett, is cut short when she's tasked with recapturing Deadeye, a vicious serial predator who has escaped custody. The timing couldn't be worse, especially when Bennett seems to be struggling with the realities of Hansen's work and questioning whether she's willing to risk building a life with a woman who puts work first, even when the job puts her in the line of fire. Hansen can't put aside the chase even with her relationship on shaky ground. On the anniversary of Deadeye's first kill, two brothers are shot while jogging along a quiet country road. Before Deadeye can claim another victim, Hansen and her team must track a killer who has proven to be an expert at hiding in plain sight. The stakes, both professional and personal, get even higher when Hansen is cut off from her team in rural Ohio and must fight for her very survival. As Bennett frantically searches for clues to Hansen's disappearance, Deadeye's hunt draws ever closer to home.

THE INVISIBLE BOGEYMAN HAUNTING HER DREAMS IS REAL, AND DEADLY. DEADEYE IS A SOLID FOLLOW-UP TO DEAD RECKONING IN THE BEQUIA MYSTERY SERIES. A terrific story with characters as vivid and sensual as the locale and a female protagonist encompassing everything wonderful in women - strength, compassion, sexuality and smarts. A modern woman without the usual cliches. Police Superintendent Jolene Johanssen already has her hands full investigating a fatal motor vehicle accident involving a wealthy American businessman staying at a exclusive private island resort, when a second explosive case lands in her lap, the apparent suicide of a prominent Vincentian and advisor to the Government. The two cases lead her and Gage on a chase culminating in New York City, and a chilling discovery which threatens St. Vincent and the Grenadines.

Luke Thacker is a drifting hobo in Depression-era America, riding the rails of the nation and surviving by crumbs and hope. Along the way, he learns the iconography of transients--the Hobo Code--better than anyone else, and deciphers a secret that thrusts him into Athanasia, the middle ground of memories. Here he learns that all around us is the realm of the deadeye, where the deceased persevere by how they are remembered. The memories Luke meets will do anything to never be forgotten, whether by trickery, violence, or daring. Luke learns, too, that what's remembered yesterday is not always the same as what will be remembered tomorrow, and he sets off to keep alive the memories of those he loves in the way a 'bo does best: telling tales of old legends, and making up new ones alike. Now, fifty years later, the tall crossbucks of Luke Thacker are repeated by homeless King Shaw, who's struggling to keep Luke's own legend alive and with it, perhaps, his own.' Cause it don't matter if you rob banks with a dead John Dillinger, are hunted over the years by vengeful Earp brothers, or go against the monstrous railroad guard Smith McCain: when a story is told, all who are part of it become a little stronger

When Tess Callahan, new owner of Dead End Pawn, meets her grandmother the banshee, life is about to get complicated. When Tess's partner Jack Shepherd, tiger shapeshifter and P.I., gets involved to help them investigate a banshee-kidnapping spree, life is about to get deadly. Because nothing is ever simple in Dead End, Florida, and sometimes it takes a tiger's eye to see the truth. Warning: This book contains magic, shapeshifters, humor, banshees, magical ballerinas, deputies,, a taxidermied alligator, smugglers, goats, thugs, assassins, witches, gunshots, bad singing, terrible parking, the FBI, swamp commandos, tigers, special agents, flirting, belly laughs, comedy, and a pawn shop. From Private Eye: The tiny bell over the door jingled and Jack walked in, carrying a bakery bag that normally would have had me drooling in anticipation of hot, sugary goodness. But right then I wasn't in the mood. "Jack, this isn't a good time. I have a problem I need to deal with." His eyes narrowed, and he gave Leona an unfriendly look, which made her take a quick step back. Nobody can give unfriendly looks like a tiger. "Do I need to kill somebody for you?" I smiled in spite of the situation, because he was totally serious. It's nice to know that somebody's got your back. Especially when that somebody is an unbelievably hot, six-foot, four-inch, bronze-haired, green-eyed hunk of deadly shapeshifter. Real Reviews from Real Readers warn you to beware: No reader I know will be able to resist this follow-up featuring the new owner of Dead End Pawn and her grandmother the banshee. When Dead End is hit with a banshee kidnapping spree, Tess' partner Jack gets his first case as a P.I.
