Creating a Project Portfolio to Boost Your Engineering Career

The first thing you'll want to do with your engineering portfolio is to add the URL to your LinkedIn profile, your business cards, and any social media or business pages you have for yourself. This...

What You Need to Create an Online Engineering Portfolio

What type of portfolio suits you best really depends on the skills you have and the position you are applying to. It would make no sense for a computer programmer to come in with a paper trail that demonstrates his artistic abilities. However, in the case of a civil engineer, a portfolio of drawings would certainly fit the bill.

Creating a Work Portfolio > ENGINEERING.com

A portfolio is typically a website that you create, or a PowerPoint (converted into a.pdf) that provides examples of your work and projects. The best portfolio effortlessly highlights your skills, achievements and intellect. Why should I make one?
