Get this from a library! Great British comics : celebrating a century of ripping yarns and wizard wheezes. [Paul Gravett; Peter Stanbury] -- An illustrated resource to 100 years of British comics, newspaper strips, and graphic novels, with facts and information on the men and women who created them. Contains adult content.

A history of Britain's weekly comics, newspaper strips, magazines and graphic novels showing how their characters have reflected social and cultural revolutions from the 19th century up to the present day.

In this entertaining cultural history of British comic papers and magazines, James Chapman shows how comics were transformed in the early twentieth century from adult amusement to imaginative reading matter for children. Beginning with the first British comic, *Ally Sloper*—known as “A Selection, Side-splitting, Sentimental, and Serious, for the Benefit of Old Boys, Young Boys, Odd Boys generally, and even Girls” —British Comics goes on to describe the heyday of comics in the 1950s and '60s, when titles such as *School Friend* and *Eagle* sold a million copies a week. Chapman also analyzes the major genres, including schoolgirl fantasies and sports and war stories for boys; the development of a new breed of violent comics in the 1970s, including the controversial *Action* and *2000AD*; and the attempt by American publisher, Marvel, to launch a new hero for the British market in the form of *Captain Britain*. Considering the work of important contemporary comic writers such as Alan Moore, Grant Morrison, Ian Edginton, Warren Ellis, and Garth Ennis, Chapman's history comes right up to the present and takes in adult-oriented comics such as *Warrior*, *Crisis*, *Deadline*, and *Revolver*, and alternative comics such as *Viz*. Through a look at the changing structure of the comic publishing industry and how comic publishers, writers, and artists have responded to the tastes of their consumers, Chapman ultimately argues that British comics are distinctive and different from American, French, and Japanese comics. An invaluable reference for all comic collectors and fans in Britain and beyond, *British Comics* showcases the major role comics have played in the imaginative lives of readers young and old.

Illustrated throughout, this fact-filled and funny encyclopedia reveals the best of British comics, discussing how these quirky and colourful creations have shaped the lives of British children since the seventies.

“Pitched toward the audience for relationship drama/comedies that made last year's *Laura Dean Keeps Breaking Up With Me* into a hit.” —The *Hollywood Reporter* Each extra-juicy, extra-length issue of this must-read miniseries is guaranteed to satiate even the thirstiest drama-hound! Newcomer artist JENNY D. FINE shines alongside Marvel Comics' Iceman writer SINA GRACE and co-creator OMAR SPAHI in the all-new modern dramedy you didn't know you needed! Sam and Jack are best friends, and Sam is dating Lauren, Jack's indie rocker sister and roommate. Tensions skyrocket when Sam and Lauren decide to open up their long-term relationship, sending social shockwaves through their friend group and the entire Bay Area, leaving poor Jack caught in the middle! Life gets pretty messy when you're in your 20s and your friends are your family.

This wildly entertaining and educational tome is a journey through the history of British comics - from the birth of the 20th century to the 80s invasion of American comics by the likes of Brian Bolland, Dave Gibbons and Kevin O'Neil (to name but a few), right up to today's up-and-coming British art stars and the talents of tomorrow. Revealing the extraordinary history of the UK's prolific comic book industry from the 19th Century to the 21st, this ground breaking volume celebrates the incredible artists who made a huge impact on British comics and would go on to revolutionize the industry on a global scale.

Featuring a Who ' s Who of talent, including Brian Bolland, Yvonne Hutton, Dave Gibbons, celebrated greats such as Don Lawrence and lost masters like Reg Bunn and Shirley Bellwood. Author and 2000 AD artist David Roach takes us on a journey through time detailing the surprising and fascinating evolution of the art from its humble beginnings to its current world-conquering status. Including artwork from a vast number highly-acclaimed artists, carefully scanned from original artwork, Masters of British Comic Art is the definitive study and celebration of a beloved industry. 'The definitive educational title to bring readers through the journey of comic strips from the perspective of British history... a whole new world of information and staggeringly beautiful art.' - Comic Beat 'Gets its arms around the entire British comics tradition... not just the adventure comics, but also newspaper strips, comics for girls, nursery comics, plus the anarchy of the humor titles, and then pull all the threads into the present day.' - The Comics Journal 'A well-researched and ambitious book...Any fan of Britain ' s comics will derive great pleasure and learn much from it.' - Down The Tubes

Today fans still remember and love the British girls ' comic Misty for its bold visuals and narrative complexities. Yet its unique history has drawn little critical attention. Bridging this scholarly gap, Julia Round presents a comprehensive cultural history and detailed discussion of the comic, preserving both the inception and development of this important publication as well as its stories. Misty ran for 101 issues as a stand-alone publication between 1978 and 1980 and then four more years as part of Tammy. It was a hugely successful anthology comic containing one-shot and serialized stories of supernatural horror and fantasy aimed at girls and young women and featuring work by writers and artists who dominated British comics such as Pat Mills, Malcolm Shaw, and John Armstrong, as well as celebrated European artists. To this day, Misty remains notable for its daring and sophisticated stories, strong female characters, innovative page layouts, and big visuals. In the first book on this topic, Round closely analyzes Misty ' s content, including its creation and production, its cultural and historical context, key influences, and the comic itself. Largely based on Round ' s own archival research, the study also draws on interviews with many of the key creators involved in this comic, including Pat Mills, Wilf Prigmore, and its art editorial team Jack Cunningham and Ted Andrews, who have never previously spoken about their work. Richly illustrated with previously unpublished photos, scripts, and letters, this book uses Misty as a lens to explore the use of Gothic themes and symbols in girls ' comics and other media. It surveys existing work on childhood and Gothic and offers a working definition of Gothic for Girls, a subgenre which challenges and instructs readers in a number of ways.

Presents a year-by-year chronicle of comic books, graphic novels, and manga worldwide, from the earliest one-off albums to the latest in online comics and including some series and characters that have run for decades.

It ' s simple—comics are fun. Whether fifteen or fifty, we love sitting down with a comic book, losing ourselves in a universe filled with wonder and excitement. But comics offer much more than meets the eye, and in Comics Unmasked, Paul Gravett and John Harris Dunning look beyond the notion of comics as pleasure reading to focus on their inherently anarchic nature. Gravett and Dunning have combed the British Library ' s extensive comic collection not only to explore the full potential of the medium but also to single out the critical points in history in which the art form challenged the status quo. Featuring newly discovered Victorian comics alongside some of the biggest names in comics today, including Alan Moore (Watchmen, V for Vendetta), Neil Gaiman (Sandman), Mark Millar (Kick-Ass), and Grant Morrison (Batman: Arkham Asylum), Comics Unmasked explores the political and social issues raised by British comics and their creators over the last century, from violence and drugs to class and sexuality. Published to accompany a British Library exhibition that will be the United Kingdom ' s largest exhibit of British comics to date, Comics Unmasked will delight comics enthusiasts around the world, offering them the chance to discover a different—perhaps darker side—of the medium.

Japan's output of manga is massive, accounting for a staggering forty percent of everything published each year in the country. Outside Japan, there has been a global boom in sales, with the manga aesthetic spreading from comics into all areas of Western youth culture through film, computer games, advertising, and design. *Manga: Sixty Years of Japanese Comics* presents an accessible, entertaining, and highly-illustrated introduction to the development and diversity of Japanese comics from 1945 to the present. Featuring striking graphics and extracts from a wide range of manga, the book covers such themes as the specific attributes of manga in contrast to American and European comics; the life and career of Osamu Tezuka, creator of *Astro Boy* and originator of story manga; boys' comics from the 1960s to the present; the genres and genders of girls' and women's comics; the darker, more realistic themes of *gekiga* -- violent samurai, disturbing horror and apocalyptic science fiction; issues of censorship and protest; and manga's role as a major Japanese export and global influence.
