This book will teach you how to build hand-crafted web pages the Web Standardistas way: using well-structured XHTML for content and CSS for presentation. By embracing a web standards approach, you will hold the key to creating web sites that not only look great in all modern browsers, but also are accessible to a wide variety of audiences across a range of platforms—from those browsing on everyday computers, to those accessing the Web on the latest emerging mobile devices. Even if you're an absolute beginner in web design, this book will teach you how to build future-proof web pages the right way using easy-to-master tools which are, in most cases, free. Through 14 easy-to-follow chapters, we introduce you to the fundamentals of contemporary web design practice. Step by step we'll assemble well-structured XHTML webpages, which we'll then style using handcrafted CSS. By the end of the book, you'll have a firm knowledge of the essentials of web design: everything you need to know to move forward in your lifelong journey as a Web Standardista. To equip you on this noble quest, we've included enjoyable practical assignments at the end of each chapter. Embracing these challenges will not only teach you how to create great looking

web sites that are the envy of your peers, but also equip you with an unrivaled knowledge of monkeys that journeyed to space and apes that starred in the movies—the real stars of this book. On completion of this book not only will you be able to create well-crafted web sites, but you will have earned the badge of a Web Standardista, proving your worth as a good citizen of the Web.

One of very few CSS books that focuses on teaching advanced-level CSS techniques CSS is a huge market—every web designer needs to know CSS to succeed in the modern web design marketplace Part of the "Solutions" series, and a follow-up from the best-selling Dan Cederholm book, Web Standards Solutions (ISBN 1590593812)

Updated to teach the most current XML standards, this book uses real-world case studies and a practical, step-by-step approach to teach XML. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
