Spud – Exit, Pursued by a Bear

The quote, "Exit, Pursued by a Bear", is one that John Milton (Spud) and his English teacher (The Guv) – a poetry fanatic - often announce to each other and is extracted from Shakespeare's play, A Winter's Tale. The quote has reference to death in this play but on the other hand it is an appropriate title for the fourth "Spud ...

Spud: Exit, Pursued by a Bear by John van de Ruit ...

Spud - Exit, Pursued by a Bear Spud – Exit, Pursued by a Bear chronicles Spud’s last year as a schoolboy in his 1993 Matric year. Armed with a prefects' tie and a raging libido, Spud soon discovers that being a large (ish) fish in a small pond has its fair share of challenges.

It's South Africa 1990. Two major events are about to happen: the release of Nelson Mandela and, more importantly, it's Spud Milton's first year at an elite boys only private school. Cursed with parents from well beyond the lunatic fringe, a senile granny, and a dormitory full of strange characters, Spud has his hands full trying to adapt to his new home. Surrounded by names such as Gecko, Rambo, Rain Man and Mad Dog, Spud takes his first tentative steps along the path to manhood. (The path, it seems, could be a rather long road.) Armed with only his wits and his diary, Spud takes us from illegal night swimming to the red-hot furnace of the cricket pitch, from ghostbusting to a catastrophic family vacation. He also invites us into the mind of a boy struggling to come to terms with a strange new world; a boy whose eyes are being opened to love, friendship and complete insanity.

After an unexpected and diabolical farewell breakfast conversation with his father, Spud Milton returns to boarding school for his 1993 Matric year, his last as a schoolboy. Armed with a prefect's tie and a raging libido, Spud soon discovers that being a large(ish) fish in a small pond has its fair share of challenges. He finds himself embroiled in fighting for his own room, directing a house play where both lead actors refuse to learn their lines, and assisting Vern Blackadder's dramatic return from the dead with nothing more than a drip cord and a pair of oven gloves. Amid mounting pressure in the classroom and on the cricket field, Spud prepares to face down the most feared and dreaded challenge of them all - finding a date for the Matric dance. In this hilarious final instalment of the Spud series John van de Ruit brings to a close his savagely funny blow by blow account of the agonies of growing up. The embarrassments, the thrills, the defeats, and the sheer absurdity of daily life are wittily recorded in Spud's unique voice as he prepares to make his own exit, pursued by a bear.

As Spud Milton continues his diabolical stagger through adolescence, he learns one of life's most important lessons: when dealing with women and cretins, nothing is ever quite as it seems. 'I'm practically a man in most areas,' writes Spud confidently on his sixteenth birthday. The year is 1992 and, as always in South Africa, radical change is in the air. The country may be on the bumpy road to an uncomfortable redemption, but Spud Milton is hoping for a smooth ride as he returns to boarding school as a senior. Instead, he discovers that his vindictive arch enemy is back to taunt him and that a garrulous Malawian has taken residence in his dormitory, along with the regular inmates and misfits he calls friends. Spud's world has never seemed less certain. He attempts to master Shakespeare, wrestles constantly with God and the power of negative thinking, and develops an aversion to fried fish after a shocking discovery about his grandmother, Wombat. Spud - Learning to Fly transports the reader on an authentic tragicomic journey, deep into the sublime and ridiculous world of being a teenager. It is the third and penultimate instalment in the series of Spud Milton's schoolboy diaries, following on the best-selling Spud and Spud - The Maddness Continues....

The year is 1991, and Spud Milton's long walk to manhood is still creeping along at an unnervingly slow pace. Approaching the ripe old age of fifteen and still with no signs of the much anticipated ball-drop, Spud is coming to terms with the fact that he may well be a freak of nature. With a mother hell-bent on emigrating, a father making a killing out of selling homemade moonshine, and a demented grandmother called Wombat, the new year seems to offer little except extreme embarrassment and more mortifying Milton madness. But Spud is returning to a boarding school where he is no longer the youngest or the smallest. His dormitory mates, known as the Crazy Eight, have an unusual new member and his house has a new clutch of first years (the Normal Seven). If Spud thinks his second year will be a breeze, however, he is seriously mistaken. He is soon beset with women trouble, coerced into misguided late-night adventures, and finds his dreams of a famous career on the stage in tatters after landing the part of the Dove of Peace in a disastrous house play production of Noah's Ark. Hilarious, bitter-sweet, tragic and real, join Spud as he takes another tentative step forward while all around him the madness continues ... This is the second book in the record-breaking Spud series and the sequel to Spud. The third title is Spud - Learning to Fly.

High performance in general, and in sport in particular, is becoming more and more competitive. Today's parents and the coaches of talented youngsters face many challenges. They know intuitively that they need to do something to help their children achieve their full potential - but what is that something? Executive coaches Tim Goodenough and Michael Cooper are highly experienced at working with people who want to develop that elusive balance between work and life, while at the same time trying to develop their potential to get the most out of both. They also work in the world of high performance sport. In Raising Talent they set about discovering, understanding and learning what the key dynamics and challenges are for developing talent, especially that of children. As their thinking became sharper and their principles better defined, several models and techniques emerged and this book explains their context and how they may apply in your home. They provide an accessible and quality self-coaching programme and a solid foundation of high performance theory for fast-tracking development. This unique system of accelerating performance means that the hard-working individual now has access to many of the mental coaching techniques and benefits that normally only a highly skilled professional would be able to provide. Although aimed at parents more than any other group, the principles and techniques in Raising Talent can be applied to the development of performance, regardless of the level of talent, at any age. In fact, these same models and principles have been successfully used to accelerate the performance of Olympians, executives, international athletes and performers in multiple sports and contexts - as well as to develop Tim's karaoke singing ...

The most formally experimental of all of George Orwell's novels, A Clergyman's Daughter charts the course of a young woman's voyage out of a small town in East Anglia and her eventual homecoming. This new edition of the novel is the first in over 30 years.
