The Witches from the Other Side of Hell Dallas Dwayne Conn This story is full of witches and the evil spells that they cast in behalf of their lord, the devil. The more evil that they are able to do, the more power that the devil gives to them. They sacrifice anyone and everyone that they can to get the devils blessing. The more that the devil likes them, the stronger they shall become. When the people in this story run into two witches that are really old, they learn that the older the witch is, the more powerful she becomes. The warrior is sent out by God and one of his angels to destroy the witches. That doesn't mean that his job is going to be easy just because God and an angel are on his side. The way that the witches use their evil magic to do their sacrifices is graphic, and it goes into full detail of the skinning and the bloodletting. Evil witches are deceivers of men, and that is why God picks one man to become a warrior for him. The warrior uses his faith in God to gain strength and wisdom to fight the battle between good and evil, the fight between the good light and the darkness. Who will win this fight to the death is in this book of evil and good magic. Everything comes with a price, and you will be left asking yourself if you have what it takes to make the right call. The warrior is wearing his costume, and it will give him great power. What will you use to defeat the evil that the witches from the other side of hell throw at you?

For the love of love...and books Mattie Mobley planned to be a teacher, but when times grew tough during America's Great Depression, and there were no teaching positions in her hometown of Asheville, NC, Mattie found work starting a school and helping the Pack Horse Librarians just over the mountains in the rural town of Certain, Kentucky. She's not certain at all that this is a good situation, but she's determined, and honestly, a little desperate. Of all the things that Mattie does have—money, comforts, a good name, she doesn't have what matters most—friends, love, and a purpose of her own. Daniel, "The Grizzly Bear," Barrett had a lovely life for a little while. Overcoming his family's bad name and worse reputation, he made a life for himself in Certain. He was married with children and a figure of respect in his church, but desperate times called for desperate measures and a terrible tragedy was the result. Now exiled with his children along the wily run of the Hell for Certain Creek, Daniel has gotten used to being the town pariah again. It's in his blood after all. Right? Maybe not, but he'll need the powerful influence of love not only to change his own mind about himself but to convince his estranged extended family and the whole town as well. Can one librarian with a saddlebag full of books make people see the difference between fact and fiction? Mattie loves a good story, and this may be her best one yet. Fiction tells the best truths and the best truth of all is love.

"Walking After Midnight is a book that describes the not so pleasant aspects of humanity. In it you will find verses of the demons that, at times, we all confront or know of. From bad dreams to wondering what war is are the things that need to be written about. They have been done so in this collection of poems. Each will bring you closer to your own mind as it too walks, the streets of the hidden, after Midnight. "
