"The Outcast Dead" was an enjoyable read but, sadly, not Ms. Griffiths best book. There were just too many characters and families with crossed lines to one another that made it difficult to follow. I like the series very much, but this needed to be pared back, perhaps to only one, or two story lines.

Synopsis. Bonanza's "The Outcast" portrays a woman, Leta Malvet (Susan Oliver), who is ostracized by the town of Virginia City for the criminal acts of her father and brother, whose boots are shown hanging before a lynch mob for the crimes of their wearers in the opening scene. Then the map burns, featuring the then-newly shot sequence of the Cartwrights galloping towards us at Big Bear Lake, California.

deaths too? The team races to find out – and after a child close to everyone involved disappears, the stakes couldn't be higher. “An uncommon, down-to-earth heroine whose acute insight, wry humor, and depth of feeling make her a thoroughly engaging companion.” – Erin Hart, Agatha and Anthony Award-nominated author of *Haunted Ground* and *Lake of Sorrows* Elly Griffiths's Ruth Galloway novels have been praised as “gripping” (Louise Penny), “highly atmospheric,” (New York Times Book Review), and “must-reads for fans of crime fiction” (Associated Press). She is the winner of the 2010 Mary Higgins Clark Award.

A mysterious death in respectable society: a brilliant historical true crime story In 1849, a woman called Ellen Langley died in Nenagh, Co. Tipperary. She was the wife of a prosperous local doctor. So why was she buried in a pauper's coffin? Why had she been confined to the grim attic of the house she shared with her husband, and then exiled to a rented dwelling-room in an impoverished part of the famine-ravaged town? And why was her husband charged with murder? Following every twist and turn of the inquest into Ellen Langley's death and the trial of her husband, *The Doctor's Wife is Dead* tells the story of an unhappy marriage, of a man's confidence that he could get away with abusing his wife, and of the brave efforts of a number of ordinary citizens to hold him to account. Andrew Tierney has produced a tour de force of narrative nonfiction that shines a light on the double standards of Victorian law and morality and illuminates the weave of money, sex, ambition and respectability that defined the possibilities and limitations of married life. It is a gripping portrait of a marriage, a society and a shocking legal drama. 'An astonishing book ... a vivid chronicle of the unspeakable cruelty perpetrated by a husband on his spouse at a time when, in law, a wife was a man's chattel' Damian Corless, *Irish Independent* 'Opens in gripping style and rarely falters ... fascinating and well researched' Mary Carr, *Irish Mail on Sunday* (5 stars) 'Truly illuminating ... Tierney's exploration of the case's influence on Irish and English lawmaking and literature is particularly intriguing, drawing comparisons with Kate Summerscale's similar work in *The Suspicions of Mr Whicher*' Jessica Traynor, *Sunday Times* 'Riveting ... meticulously researched and deftly told' *Irish Examiner* 'A nonfiction work with the pulse of a courtroom drama ... Tierney's book is a moving account of Ellen Langley's squalid last days, but it's also a study of Famine-era Irish society. Men dominate, be they grimly professional gents in tall hats and grey waistcoats or feckless scoundrels using women as chattel' Peter Murphy, *Irish Times* 'A dark tale of spousal abuse, illicit sex and uncertain justice, set against a backdrop of poverty and privilege, marital inequality and the deep religious divide between Catholics and Protestants. Tierney is an archaeologist, and his skill in unearthing the past is on display as he digs deep into the historical record of a murder case so shocking and controversial that it was debated in

This 1998 book is a history of Africans as modern doctors based on extensive research in East Africa.

Investigating the discovery of a murdered child on a demolition site, pregnant archaeologist Ruth Galloway teams up with Detective Harry Nelson to discern the victim's identity before realizing that she is being targeted by a dangerous assailant. By the author of The Crossing Places.

In this highly atmospheric mystery, Ruth Galloway—described by Louise Penny as “a captivating amateur sleuth”—and DI Nelson have their summer vacations horribly disrupted by a murder in a medieval Italian town where dark secrets are buried as deep as bones. It's not often that you're called to the Italian countryside on business, so when archaeologist Angelo Morelli asks for Ruth Galloway's help identifying bones found in picturesque Fontana Liri, she jumps at the chance to go, bringing her daughter along for a working vacation. Upon arriving, she hears murmurs of Fontana Liri's strong resistance movement during World War II, and senses the townspeople have a deeply buried secret. But how could that connect to the ancient remains she's been studying? Just as she's getting her footing in the dig, DCI Nelson appears, unexpectedly and for no clear reason. When Ruth's findings lead them to a modern-day murder, their holidays are both turned upside down, as they race to find out what darkness is lurking in this seemingly peaceful town.
