~~The Recovery of
Unconscious Memories:
Hypermnesia and ...~~

The term repressed memories refers to the rare psychological phenomenon in which memories of traumatic events may be stored in the unconscious mind and blocked from normal conscious recall.

As originally postulated

File Type PDF

The Recovery

of Sigmund Freud,

repressed memory

theory claims that

although an individual

may be unable to recall

the memory, it may still

affect the individual

through subconscious

influences on behavior

and emotional

responding. Repressed

memories have been

reportedly recovered

through psychothe
