"From Funny Or Die senior writer and former artistic director at the Upright Citizens Brigade Theatre comes a collection of absurdist, hilarious stories and essays on relationships, technology, and contemporary society. A brave archaeologist journeys into a suburban man cave. Leif Eriksson writes Christopher Columbus a long overdue letter. A corporate flack admonishes a room of marijuana sales people to get their revenues up. A young man's penis turns into a lobster. Walt Whitman even teaches a spin class. With humor, originality, and narrative guile, Nate Dern examines man buns, dating apps, Wi-Fi terms and conditions, juicing crazes, vegetarianism, and so much more, all while plumbing his own life and a series of fantastical scenarios for a truth that's both revelatory and beautiful."--Jacket.

When Nate plays with his friends, he always seems to do the opposite of what they do.

sharp humor and a fierce tenderness—the resilience of love and home, even in times of radical change. It ’ s 2011, and Samuel Andresen-Anderson—college professor, stalled writer—has a Nix of his own: his mother, Faye. He hasn ’ t seen her in decades, not since she abandoned the family when he was a boy. Now she ’ s re-appeared, having committed an absurd crime that electrifies the nightly news, beguiles the internet, and inflames a politically divided country. The media paints Faye as a radical hippie with a sordid past, but as far as Samuel knows, his mother was an ordinary girl who married her high-school sweetheart. Which version of his mother is true? Two facts are certain: she ’ s facing some serious charges, and she needs Samuel ’ s help. To save her, Samuel will have to embark on his own journey, uncovering long-buried secrets about the woman he thought he knew, secrets that stretch across generations and have their origin all the way back in Norway, home of the mysterious Nix. As he does so, Samuel will confront not only Faye ’ s losses but also his own lost love, and will relearn everything he thought he knew about his mother, and himself.

Nate Foster returns home to Jankburg, Pennsylvania, to face his biggest challenge yet—high school—in this final novel in the Lambda Literary Award–winning Nate trilogy, which The New York Times calls “ inspired and inspiring. ” When the news hits that E.T.: The Musical wasn ’ t nominated for a single Tony Award—not one!—the show closes, leaving Nate both out of luck and out of a job. And while Nate ’ s cast mates are eager to move on (the boy he understudies already landed a role on a TV show!), Nate knows it ’ s back to square one, also known as Jankburg, Pennsylvania. An accessible, beautifully crafted and heartbreakingly topical novel about PTSI and the unseen effects of global conflict on ordinary lives. Beyond the bright lights and casinos lies the real Las Vegas, a forces town. In the predawn hours, a woman's marriage crumbles with a single confession. Across the city, Bashkim, the young son of an immigrant family, observes how they are struggling to get by in the land of opportunity. Three thousand miles away on the other side of the United States, a soldier, recently returned from active service in Iraq, wakes up in hospital with the feeling he's done something awful. In Laura McBride's heartbreaking and authentic novel, these disparate lives are brought together by one split-second choice; this is a story about families, the ones we are born to and the ones we choose to make. Faced with seemingly insurmountable loss, each person must decide whether to give in to despair, or to find the courage and resilience to rise.
